

The Oklahoma TSA bylaws currently read in Article 11 Election of State Officers:

Section 2. Election Procedures

1. State officers shall be elected by voting delegates who have been selected by the local chapter. Each chartered local chapter is entitled to two voting delegates, plus one additional voting delegate for each state officer and/or national officer that is an active member ~~form~~ *from* that chapter, for the purpose of electing officers and transacting business of the state association.

2. Nomination of state officers shall be submitted on the officer nomination form supplied by the state association office and received by the state advisor prior to the published deadline for this form.

3. A chapter may nominate a maximum of two state officer candidates.

I move to make the following amendments to the bylaws:

Section 2. Election Procedures

1. State officers shall be elected by voting delegates who have been selected by the local chapter. Each chartered local chapter is entitled to two voting delegates, plus one additional voting delegate for each ~~state officer and/or~~ national officer that is an active member ~~form~~ *from* that chapter, for the purpose of electing officers and transacting business of the state association.

2. Nomination of state officers shall be submitted on the officer nomination form supplied by the state association office and received by the state advisor prior to the published deadline for this form.

3. A chapter may nominate a maximum of two state officer candidates, *excluding current state officers*.

The bylaws will now read:

1. State officers shall be elected by voting delegates who have been selected by the local chapter. Each chartered local chapter is entitled to two voting delegates, plus one additional voting delegate for each national officer that is an active member from that chapter, for the purpose of electing officers and transacting business of the state association.
2. Nomination of state officers shall be submitted on the officer nomination form supplied by the state association office and received by the state advisor prior to the published deadline for this form.
3. A chapter may nominate a maximum of two state officer candidates, excluding current state officers.

Respectfully Submitted,

Blake Jackson, Edmond Santa Fe High School

Signed,

Blake Jackson:
