

Pumpkin Carving and Decorating

OVERVIEW

Create a pumpkin that shows your chapter's creativity and TSA spirit. Members may carve, paint, or decorate a pumpkin using a design inspired by technology, engineering, leadership, or TSA.

ELIGIBILITY

- The challenge is open to currently affiliated Oklahoma TSA members.
- Entries may be created by an individual student or a team of up to three students.
- Each chapter may submit one entry.

REGULATIONS AND REQUIREMENTS

1. Use a real pumpkin as the base of the design.
2. The pumpkin may be carved, painted, or decorated with attached materials.
3. The design must be original and created by TSA members.

Entries must include:

1. Two or three clear photos showing the completed pumpkin from different angles.
2. The student name(s), chapter name, school, and advisor's name.

RECOGNITION

The winning chapter will receive \$100 credit toward its State Leadership Conference registration. The winning design may also be featured on the OKTSA website, social media, or other promotional materials.

SUBMISSION INFORMATION

The design and documentation needs to be uploaded [here](#) as a multi-page PDF.
