Message from the State President

Hey Oklahoma TSA! How has another amazing year gone by so quickly? Your state officers are working hard for the best State Conference experience for you all.

A whirlwind of excitement came as we reunited with each other in Louisville, Kentucky for our National Conference, learned to lead at our LEAD Conferences, and ignited evolution at our Fall Leadership Conference. It's been nothing short of exceptional!

With every experience in TSA, we encourage your growth inside and outside the classroom and encourage you to treasure memories with old and new friends. Being in TSA is to be part of a loving, supportive community that cheers for you all while we navigate how to lead in a technical world. From learning how to code for the first time for a competition to recording a promotional video with your chapter, the TSA experience is truly unique. It teaches and prepares us to work on our passions and interests while enjoying the entire journey. It is this journey that we are all on that allows us to connect back to one another, creating such a loving community full of amazing members.

Thank you for being the best delegation I could ever ask to serve. See you all very soon, and good luck with all of your events!

Andrea Shah
Oklahoma TSA State President

Best Practices from Experienced Advisors

Please confer with your administrators before putting any of these into practice, to ensure compliance with school district and school policies:

- Have a parent meeting prior to the conference to lay out expectations and consequences
- Create a behavioral contract with clear expectations for members and parents to sign
- Collect parent phone numbers and emergency contacts just in case
- Collect a deposit from those who commit to attend, especially if members are still fundraising
- Think quality over quantity, meaning 1-3 competitive events per student is a good sweet spot
- Make sure students have a combination of different types of events - team/individual and early/on-site
- Help students determine their own individual schedules so they feel prepared
- Determine your schedule as an advisor and communicate the schedule to attendees
- Have a group chat (e.g. GroupMe or Remind) set up with all attendees to communicate quickly
- Hold a daily chapter meeting to check in with students and provide updates
- Make sure students have plenty to do - require general session and workshop attendance
- Set clear behavioral expectations ahead of time
- Make sure the students can access an advisor at all times

Please note that the schedule is tentative and subject to change.

Frequently Asked Questions

Q: Who can I contact with questions?

For general questions about the conference:

- Please email the event coordinator or event manager listed on the [competitive event information](#) pages

Q: What does the registration fee cover?

In order to provide a well-organized and comprehensive conference, we must charge a registration fee. Hosting an in-person conference costs OKTSA about \$100,000 to put on. Conference costs include, but are not limited to, meeting spaces, A/V, conference management system, event supplies, awards, merchandise, judges gifts, conference staff lodging, and food and beverage for conference staff and volunteer judges. If you have ideas on how to offset the cost of State Leadership Conference, please contact tami.redus@careertech.ok.gov

Q: When trying to register, it says “Membership Unsubmitted” next to my students’ names. How do I fix this?

Students must be affiliated in order to attend State Leadership Conference. Only affiliated members populate in the registration system. You will need to log on to the [TSA Membership System](#), check the boxes next to your students’ names, click Submit.

Q: Where can I find the eligibility for each event?

The [Competitive Event Information](#) page has an eligibility chart that explains how many entries per chapter are allowed to compete at the State Conference for each competitive event. To find how many members are allowed per team, please refer to the eligibility section of each competitive event guideline located in the National TSA Competitive Events Guide.
