Please answer the following questions and forward the answers with the completed application:

1. Explain the course content/philosophy of the STEM program and TSA chapter at your school.
2. Please describe the economic situation that makes your school eligible to receive funding through the TSAYAY Fund, such as school district funds and/or community financial support are not available or extreme economic hardship. Please provide adequate details to describe the situation.
3. Should your school be funded, explain a plan for how your school's TSA chapter would sustain itself in subsequent years. A future plan for purchasing official dress might include a request for funding from a community group or business, or fundraisers to raise money for official dress.

To the best of my knowledge, the information provided in this application is accurate.
